

compile quick ship

dealer instructions for adding the catalog data to your computer for the Compile QS

NOTE: It is advised that your IT Department installs either version of the catalog data, because there might be some security preferences setup on your individual computer that may not allow software downloads.

download instructions - version 1

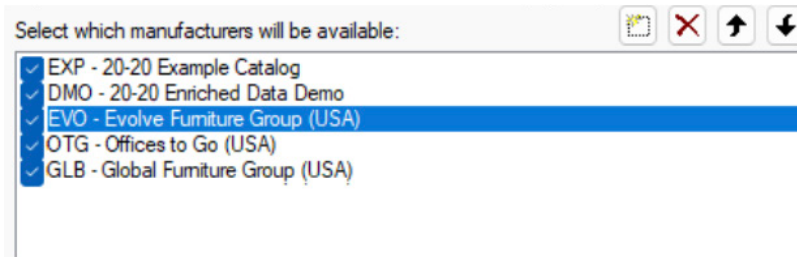

Step 1: Copy & paste the 3 files (CQS.cat, CQS.syl, EVO.Materials) in this location on each PC

Step 2: Open Worksheet or CAP - Preferences

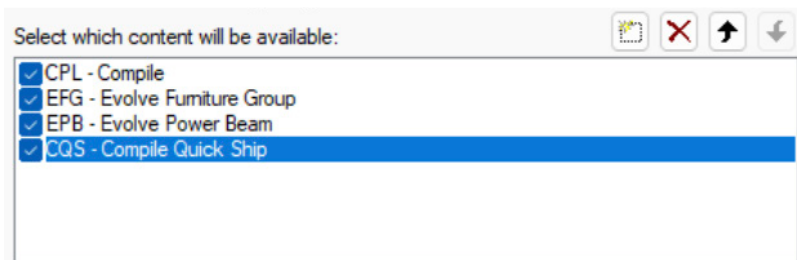

Step 3: Select Content Folder (Left Column)

Step 4: Top Box - Click on EVO - Evolve Furniture Group (USA)

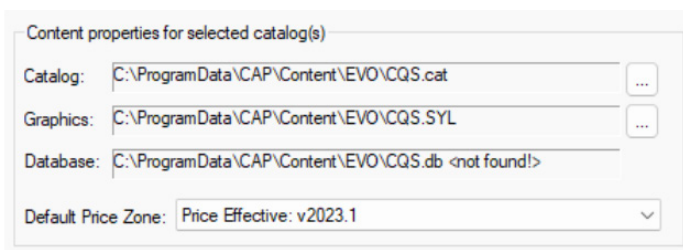

Step 5: Middle Box - Select the Folder Icon to find the Compile QuickShip Catalogs
(Same path as where you saved the files)

Step 6: Click on the CQS catalog - Open

Step 7: Bottom Box - Content Properties (will look like this once the CQS catalog is added)

Step 8: Apply - OK

download instructions - version 2

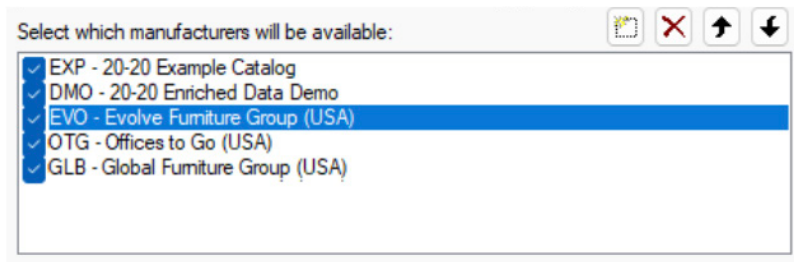

Step 1: Click on the .exe file labeled EVO-CQS_CAP_WS_Giza_122022

Step 2: Let the file run

Step 3: Open Worksheet or CAP - Preferences

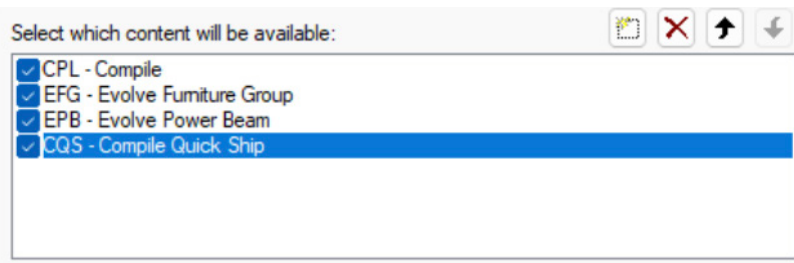

Step 4: Select Content Folder (Left Column)

Step 5: Top Box - Click on EVO - Evolve Furniture Group (USA)

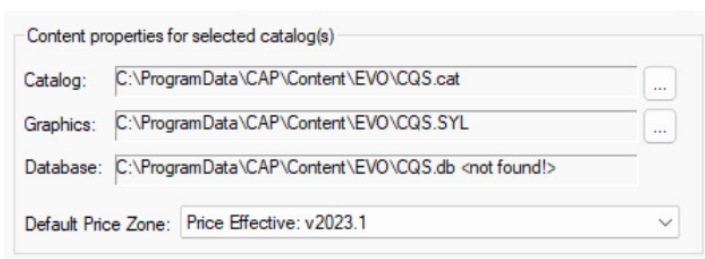

Step 6: Middle Box - Select the Folder Icon to find the Compile QuickShip Catalogs
(Same path as where you saved the files)

Step 7: Click on the CQS catalog - Open

Step 8: Bottom Box - Content Properties (will look like this once the CQS catalog is added)

Step 9: Apply - OK

Step 10: Copy & Paste EVO.Materials in this location on each PC

If neither version of installation of the catalogs works please email electroniccatalogsupport@globalfurnituregroup.com and we will setup a call/screen share.
